

Since 1989 the LINGUIST List has provided only the choicest cuts of pure linguistics. Never contaminated by, nor paralleled in, any other scientific discipline, LINGUIST's 22,000 member subscriber base is testimony to the quality of substance you've come to expect.

If you've ever looked for JOBS, people or BOOKS;

If you've ever followed a DISCUSSION or been informed by an FYI;

In short, if you've ever been a LINGUIST
